

FROM THE DESK OF THE INTERNATIONAL PRESIDENT

Dr. Armyl C. Bañez

Leading to inspire future leaders

The mark of a good leader lies in his or her ability to lead by example. In the history of the Pierre Fauchard Academy, this has been a common characteristic among our leadership and members. When I was elected as the Academy's International President, I knew that this was not going to be an easy job. It would entail a lot of time and effort to ensure that we meet our targets and that we continue to remain aligned with our goals and objectives. One of these is to recognize and develop outstanding leaders in our profession, worldwide. It has been clear throughout my years of serving as an active member of our organization that communication is still key in ensuring that we remain on track and that we get things done, to benefit the Academy and the public that we serve.

Given that we are managing a geographically dispersed network of dental professionals, it is essential to maintain active and open communication channels to ensure that we keep ourselves updated with what is happening in other countries. We can't lead people if we are disconnected with their realities on the ground. This is to encourage the improvement of dental practice and to further encourage fellowship and sharing of knowledge among our members. We communicate to listen to suggestions as well, to improve our profession and organization. This is to prepare or address challenges and to recognize opportunities that will benefit us in the long term. More importantly, we communicate to engage, to connect with our colleagues to inspire the future leaders not only of the Academy, but also of the dental profession.

As the world slowly reopens, I encourage our Section Chairs to consider the safest options to maintain active participation among all our members, be it through virtual or face-to-face meetings. We must all remain committed to what our past leaders have established for us to continuously fulfill the objectives of the Academy. This is through meetings of

our international sections, Annual Awards Luncheon, presentations of the Fauchard Gold Medal, the Dental Trade and Industry Award, the Elmer S. Best Memorial Awards, our student Awards of Merit, and the publication of Dental Abstracts and Dental World.

As cliché as it may sound, let us all keep in touch. Effective leaders are good communicators—and every one of us is a leader in our own right. We communicate to learn, and we learn best by example. I am proud to say that the leaders of this Academy value the need to walk the talk to inspire and empower our members to attain our mission of advancing dentistry to the highest level.

Sincerely,

—DR. ARMYL C. BAÑEZ,
*International President of the
Pierre Fauchard Academy*

From the Desk of the INTERNATIONAL PRESIDENT-ELECT

Dr. Hal E. Hale,

Dear Fellows,
I am very pleased that 2022 is allowing the gradual return of in-person meetings! I find such meetings more enjoyable and more productive than their virtual counterparts. In February, our International President Dr. Armyl Bañez, our International Immediate Past President Dr. Terry Brewick, International Executive Director Mr. Robert Cattoi, Region 9 Trustee Dr. Myrna Bañez, and I attended the Chicago Midwinter Meeting. We participated in the PFA Illinois Section Meeting, and met with leaders of both the American Dental Association and the Academy of General Dentistry. We also attended the Illinois PFA/ACD/ICD Joint Luncheon. In March, we attended the extraordinary and unforgettable PFA/ACD Joint Meeting at the Biltmore, in Asheville, North Carolina. The details of this Joint Meeting will be covered elsewhere. Most recently, I attended the PFA Joint Meeting of the Kansas and Missouri Sections in Kansas City, Missouri. New Fellows from both states were inducted, and the meeting was well attended. In fact, it was a full house with no empty chairs. Following the Joint Section Meeting, a luncheon was held for Fellows of the PFA/ACD/ICD from both states.

These meetings have reinforced my belief in the importance of the Pierre Fauchard Academy actively participating in collaborative efforts and meetings between all three major dental honor societies, as well as other branches of organized dentistry, such as the ADA and the AGD.

We are all working to benefit our Fellows and other dentists, the dental profession, and dental patients. However, we are all stronger and more effective when we work together in mutually beneficial endeavors. At the same time as this collaboration occurs, it is important that each entity retains its own individual identity. I assure you that those of us who are leading efforts for joint activities between the PFA/ACD/ICD are in no way intending to blur the lines between the qualities and characteristics that make each organization unique. We can be both unique and collaborative at the same time. The two goals are not mutually exclusive. Therefore, I am committed, and I strongly believe that collaboration is the path towards future growth and success for all parties involved.

Lastly, I am planning my travel schedule for next year. Obviously, I cannot go to every meeting or event that I would like to attend. However, I will be happy to review as many invitations as possible. If any Section Chair, Trustee, or meeting official would like to invite me to attend any events, please submit a request with all relevant information. You can either email me directly or contact our Executive Director, Mr. Robert Cattoi. My email address is Hal.HalePFA@gmail.com. I look forward to hearing from you.

Sincerely and Fraternal Submitted,

—DR. HAL E. HALE,
*International President-elect of the
Pierre Fauchard Academy*

From the Desk of the INTERNATIONAL EXECUTIVE DIRECTOR

Robert Cattoi

Greetings from the International Headquarters.

I am happy to provide an update from the Board of Trustees Mid-Year Meeting. The Trustees met on March 31, 2022, and reviewed the PFA finances, bylaws, and membership.

- While the PFA is in strong financial condition, the recent effects of the COVID-19 pandemic and numerous retirements have reduced the number of current, active Fellows. This could affect our future financial condition.
- The Trustees updated our guide for Section Chairs and reiterated the importance of Section Chairs as the local resource for the PFA. It is exciting to see so many Sections coming back to in-person meetings and inducting new Fellows into the PFA.
- The PFA is aspiring to accomplish a '5% in 5 years' membership recruit-

ment drive. The goal is to have 5% of all dentists in each area as Fellows within five years. You may nominate a dentist for Fellowship here: <https://fauchard.wufoo.com/forms/sponsors-nomination-form/>

- The PFA bylaws were modified. The former bylaws stated that new PFA Fellows "must be a member of the American Dental Association." The new bylaws state that new PFA Fellows "must be a member of the American Dental Association or a similar dental organization." This is reflective of our international Sections and the change also allows leaders who are active only in other dental organizations both far and wide (e.g., National Dental Association, Association of Women Dentists, Academy of General Dentistry, World Dental Federation) to become PFA Fellows.

- New leadership courses will be uploaded to the PFA website soon. As a member benefit, PFA Fellows have access to free CE on a variety of leadership topics. Our current CE activity – Leadership in Turbulent Times – is very popular. New programs will include negotiation skills and presentation skills.
- Watch for a new-look PFA website coming soon.
- The Trustees began work on a short-term strategic plan. As an international organization, we must continue to be responsive to across the globe as the organization grows.
- The PFA Annual Meeting is set for October 15, 2022, at the Hilton Americas Hotel in Houston, TX.

With support from all PFA Fellows and the PFA Trustees, I know we can continue to grow the PFA at an appropriate pace and continue to make the PFA the pre-eminent Dental Honor Society in the world. I look forward to hearing from you.

Sincerely,

—ROBERT CATTOI,
*International Executive Director of the
Pierre Fauchard Academy*

REPORT ON THE JOINT PFA/ACD CONTINUING EDUCATION CONFERENCE

The joint Pierre Fauchard Academy-American College of Dentists Continuing Education Conference was held between March 31 to April 2, 2022, at the Biltmore Estate in Asheville, North Carolina with attendees staying at the Inn. We began with a welcome reception at the Lioncrest Veranda, where hors d'oeuvres were served. Our CE Sessions were also held at the Lioncrest, with convenient shuttles both days. Our Friday morning session focused on Syndromic Surveillance. Topics included 'Syndromic Surveillance by the Medical Workforce' which was given by Professor Michael G. Schmidt and the second presentation, titled 'Syndromic Surveillance by the Dental Workforce: Oral Manifestations of

COVID-19', was provided by Professor Theresa Gonzales. Friday afternoon was dedicated to presentations on 'Communication Strategies for Leaders.' We continued on Saturday morning with presentations related to the COVID-19 pandemic and access to care, given by Dr. Tim Ricks, Chief Dental Officer for the U.S. Public Health Service, and Professor Amy Brock Martin. In addition, presentations on leadership skills development were provided. These included a presentation titled 'Professional Presentation Skills to Get Your Audience Moving' given by Mary Sandro from ProEdge Skills. A second presentation titled 'Negotiation Skills for Leaders' was given by Dr. Joshua Weiss, co-founder of the Global Negotiation Initiative at

Harvard University. The conference was a wonderful opportunity for participants to attend thought-provoking, informative presentations, as well as to meet in person and reconnect with friends and colleagues.

THE PIERRE FAUCHARD ACADEMY LEADERSHIP FOUNDATION

The Two Foundations of the Pierre Fauchard Academy

You may not be aware that the Pierre Fauchard Academy now has two Foundations, the Oral Health Foundation and our newest addition, the Pierre Fauchard Academy Leadership Foundation. Each is a distinct entity with a different purpose.

The Oral Health Foundation serves our Fellows by providing monetary grants to those less fortunate. Many of our Fellows have received grants for the different charitable programs their Sections may be involved in. The Oral Health Foundation also offers student scholarships.

The Leadership Foundation was formed in 2020 for the purpose of providing enhanced leadership and educational benefits. We are here to support you and the work of the Academy. An example of this is the currently available 10-part lecture series titled 'Leadership in Turbulent Times.' This series is available through our website, www.fauchard.org, and gives our Fellows an

opportunity for Leadership training. In addition, where eligible, Fellows can also receive 10 continuing education credits at no fee. The content presented throughout this course is based on an evidence-based framework of leadership and global research with over 5 million leaders. Our presenter, Deb Calvert, is a leadership speaker and consultant who has been named one of "The 65 Most Influential Women in Business" by Tree-line. This series is extremely well done, so please take advantage of this benefit. The Leadership Foundation has also provided funding to update and upgrade the Academy's website.

Supporting the Academy's philanthropic efforts, the Leadership Foundation has contributed to the Poland PFA Section to support their work with Ukrainian refugees. The organization collects money for the purchase of medical supplies for the wounded: civilians, soldiers, rescuers. For all the collected

funds they will buy dressings, first aid kits, field stretchers, tourniquets and many other needed first aid products for the Society of Implantology of Ukraine, which will ensure that the help reaches those in need. The Pierre Fauchard Academy, the Pierre Fauchard Academy Leadership Foundation, and the Oral Health Foundation of the Pierre Fauchard Academy are proud to work with our PFA Poland Section to support the Industry Humanitarian Action of Polish Dentistry (Branżowa Akcja Humanitarna Polskiej Stomatologii).

As our new Leadership Foundation continues to develop and grow, we welcome your ideas and suggestions. We are here to support the work of the Academy and its Fellows.

Sincerely,

—CHERI NEWMAN, DDS,
*President of the Pierre Fauchard
Academy Leadership Foundation*

Australia – South Australia and Northern Territories

L to R: Dr. Chris Pazios (Section Chair for South Australia), Dr. Rick Sawers (recipient of the Honorary Life Fellowship Award and International Past President of the Pierre Fauchard Academy) and Associate Professor Deb Cockrell (Trustee for Region 8 – Australasia).

The South Australia and Northern Territories Sections of the Pierre Fauchard Academy held their induction dinner at the Adelaide Club on Friday, April 29th, 2022. This was a very fitting venue for our prestigious event, and a wonderful opportunity for PFA Fellows and their guests to get together as well as to welcome and congratulate our newly inducted Fellows, Drs. Vaibhav Garg, Sarbin Ranjitkar and Laura Smith. Our new Fellows all embody the Pierre Fauchard Academy mission of outstanding leadership in the dental profession. In their own unique way, each of the

inductees has helped and continues to improve the general community by focusing on professionalism, integrity, and ethics.

We were honored to have our President and International Trustee of Region 8 (Australasia), Associate Professor Deb Cockrell, with us to help induct the new Fellows and award Honorary Life Fellowship to Dr. Rick Sawers. Rick truly embodies what the Pierre Fauchard Academy is about. He gave us an inspiring and informative speech about his own journey from dental school to where he is now. Along the way he has been President of the Australian Dental Association South Australia Branch, Chairman of the South Australian Foundation for Dental Education and Research, chaired the South Australia Dental Services Board, is the current President of the International College of Dentistry Australasian Section and was the International President of the Pierre Fauchard Academy in 2018.

To all existing Fellows, the Pierre Fauchard Academy thanks you for your ongoing public service and professionalism, our communities are better places because of you. To all the Fellows

On Saturday May 13th, Canada held its first live Installation and Awards luncheon at the St. Regis hotel, in Toronto, Ontario.

The Canadian Pierre Fauchard Academy's 2022 Distinguished Dentist Citation was presented to Dr. David Stevenson. During the pandemic, Dr. Stevenson, Past President of the Ontario Dental Association, chaired the Pandemic Recovery Working Group. They utilized the best evidence available to develop solu-

tions and inform dentists how to return to practice with protocols that were safe, sustainable, and ensured access for everyone. The group consisted of volunteer dentists and Ontario Dental Association staff working together to find the right evidence, understand the implications, and relay accurate information to dentists, all in real time. This was a gargantuan task that demanded significant time and resources as well as the ability to adapt and pivot to address an ever-changing

environment. Throughout the pandemic the Pandemic Recovery Working Group strived to help the Ontario Dental Association lead the profession with not only information, knowledge, and services, but also logistical assistance with the vaccination rollout and PPE distribution. The commitment to our profession from these dentist volunteers and Ontario Dental Association staff was greatly appreciated and cannot be overstated. In addition to leading their own teams through the pandemic, they went above and beyond to help lead the profession.

The Certificate of Merit is presented to candidates in recognition of a worthy effort on behalf of the profession. Awards of Merit were presented to all 17 members of the Pandemic Recovery Working Group, both dentist volunteers and Ontario Dental Association Staff supporting. Our dentist volunteers receiving our Certificate of Merit were Dr. Kim Hansen (Ontario Dental Association President 2019-2020), Dr. Lesli Hapak (Ontario Dental Association President 2020-2021), Dr. Charles Frank (Ontario Dental Association President 2021-2022), Dr. Janet Leith (Vice Chair of Ontario's Pandemic Recovery Working Group), Dr. Ian Furst, Dr. Jonathan Mahn, Dr. Carlos Quinonez and Dr. Deborah Saunders. Our Ontario Dental Association Support Staff to the Pandemic Recovery Working Group receiving our Certificate of Merit were: Mr. Frank Bevilaqua (CEO of the Ontario Dental Association), Mr. David Gentili (Director of Professional and

Government Affairs), Mr. Marcus Staviss (Director of Communication, Public Affairs and Events), Ms. Jenna Berndt (Administrative Assistant to Professional and Governance Affairs), Ms. Riti Bhandari (Professional Affairs Coordinator), Mr. Joe Chiera (Professional and Government Affairs Administrator Assistant), Ms. Bonnie Dean (Manager of Communications and Public Affairs), Ms. Tamara Gilgorevic (Health Policy Specialist) and Ms. Roberta MacLean (Professional Affairs Policy Manager). The Canadian Region of the Pierre Fauchard Academy made a \$10,000 contribution to Gift from the Heart, a Canadian charity connecting oral health care professionals to vulnerable Canadians who encounter barriers accessing essential oral health care.

The ceremony also saw the Installation of 26 new Fellows. Congratulations to Drs. The Illinois Section of the Pierre Fauchard Academy returned to a live new Fellow induction ceremony on Thursday Feb. 24, 2022. As proof that the Chicago Dental Society holds the Midwinter Meeting during the winter, travel delays were in the mix. However, this did not stop the camaraderie and lively reception highlighted by *Burnt Biscuits*, the group playing at our event. Illinois has had the distinction of welcoming forty-eight new Fellows over the last three years! The grand event this year was held in the ballroom of Maggiano's Little Italy in downtown Chicago, where eighteen very impressive colleagues were welcomed as new Fel-

lows. Congratulations to our new Fellows who were inducted: Drs. Gordon Barkley III, Catherine Bishop, Doug Chang, Irbad Chowdhury, Chris Couri, Todd Gray, Denise Hale, Danny Hanna, Mark Heiss, Lauren Hood-Olson, Ravichandra Juluri, Kevin Nelson, Renee Pappas, Ron Riggins, Bill Schlosser, Melanie Watson, Harry Watts, and Susan Zelazo-Smith.

Our Section was honored to have a very distinguished guest list, not only from PFA but also from the American College of Dentists. Following the impressive attendance of the 2021 virtual ceremony, where nine PFA Officers and Trustees participated, the 2022 live event
