

The Model Section Award was established in 2014. The award is presented to acknowledge and encourage Sections and their Chairs to pursue activities that meet and exceed the goals and objectives of the Academy.

The Awards Committee will review each application against pre-established standards and determine if the Section meets minimum requirements in all areas. Sections that meet and/or exceed standards will be designated as Model Sections and recognized at the Annual Awards Luncheon.

The 2023 Model Section Award will be presented to the Section Chairs of the Model Sections during the Annual Awards Meeting of the Academy.

**Directions:** The Section Chair will complete this application and submit it to the Central Office (clicking the submit button sends it directly to the International Office) by June 30th.

*This award is given to a USA candidate only*
